

Olympia School District Schools, 2017-18 School Year Bell Times

- The bell times listed below represent an effort to standardize the start/end times of our elementary schools and provide consistent weekly staff collaboration and professional development. Schools highlighted green indicate a change in school bell times.
- Families should check the district calendars frequently in the upcoming school year as all Wednesdays, except the first day of school, involve an early release for staff professional development or conferences.
- In mid-August 2017, the district Transportation Office will update the district's website and send notifications home regarding adjustments to bus schedules. Please note, even if bell times remain the same, bus routes can be adjusted slightly. All families should check the website for route adjustments.
